

Governor Visit Report Form

Name: Sue Harrison	Date/s: 21/5/26
Focus of visit <ul style="list-style-type: none"> • SATs 	Classes/staff visited: Y6
Summary of activities e.g. talking to staff and pupils, looking at resources, had lunch etc. <p>.It was a real treat to catch a glimpse of Year 2’s (my link class) Science Week in action.</p> <p>As I walked through the hall, Reception were proudly showing their families all the exciting science activities they’d been working on. It was a buzz of activity!</p> <p>In Year 2, things were just as interesting. The children, brilliantly dressed in their alien costumes, were deep in discussion about which habitats would best suit the aliens on screen. There was no shortage of imaginative thinking and some impressively scientific problem-solving too!</p> <p>The excitement grew when they had the chance to handle real meteorites sent from Edinburgh University. There were gasps (and a few “wows!”) as they explored the ancient rocks, noticing their unusual shapes and textures. One molten, droplet-shaped piece was a particular favourite—sparking all sorts of creative (and very amusing) descriptions.</p> <p>The children were eager and confident to share their ideas, and one even brought in a space book, thrilled to spot a meteorite that looked just like the one she was holding!</p> <p>When chatting with the children, it was clear that Science Week—complete with hands-on experiences and even a trip—had truly captured their imagination. Who knows, we may have some future scientists in the making! 🚀</p> <p>Thank you to Ms Kenworthy for having me and I look forward to seeing the class again in year 3!</p>	
What have I learned as a result of my visit? <p>How children love these focus weeks and how it captures their interest with the support of the very hard working staff!</p>	Positive comments about the visit <ul style="list-style-type: none"> • The enthusiasm from the children • The dedicated and hard working staff to make sure these weeks can happen
Aspects I would like clarified/questions that I have: Will there be another science week and what will be the topic?	
Ideas for future visits:	
Any other comments: <p>Thank you so much for having me year 2. See you next year</p>	
Signed: <i>Susan Harrison</i> (Governor)
