

GOVERNOR VISIT REPORT

Name: Julie Webster	Date: 16.06.2022
Focus of visit Governors in school day	Classes/staff visited Year 6
Summary of activities e.g. talking to staff and pupils, looking at resources, had lunch etc. Assembly on the oceans of the world was very interesting, surprised at how much the children know about saving the planet, even at key stage 1, it was great to see. Took part in reading and English post modification, nouns and adjectives session. Looked at history project work. Egyptian theme. Italian food tasting session.	
What have I learned as a result of my visit? Mr Ware is a first class tutor he holds the attention of his class in the palm of his hand. The children obviously loved the English post modification session watching and discussing the M&S adverts and then applying what they had learned to making their own menus sound delicious. Which fitted in very nicely with the Italian food tasting session!	Positive comments about the visit Always a pleasure to be in school the children are polite, engaged and incredibly well behaved. The school looked bright with lots of the children's work displayed on walls for all to see.
Aspects I would like clarified/questions that I have:	
Ideas for future visits:	
Any other comments: A real pleasure to be in school, the staff are dedicated to providing the very best for the Austhorpe children, which is apparent in the displays of pupils work around the school, the way the children engage with questions, the knowledge and understanding of global themes which was demonstrated in the morning assembly.	
Signed: Julie Webster (Vice Chair) (Governor)
